WHO ARE WE?

Our company, which has been serving its customers with its high production capacity since 1995 established the "Bed Covers" brand in 2007.

In 2009, it developed a product designed for the storage and transportation of mattresses for the first time in the world.

In 2011, it established a special cover production facility for foam mattresses.

Finally, in 2018, our company created a wide product range by adding the "Günaydın" brand to its structure, and today it continues to serve many countries, mainly France, Netherlands, Germany, Switzerland, England, Serbia, Israel Azerbaijan, Bulgaria, Kazakhstan, which export to 50 countries. .

In order to be a company that provides the production of new products that will serve in terms of design, comfort and ergonomics,

our machine parks and team that follow the world and technology continue their work in an integrated manner. The products produced, within the framework of Deko-Tex standards continue to exist with their quality and modern style by targeting our customers to use them healthily. The demands that reach us for production are responded to with appropriate costs and time conversions.

Our company has certified its quality management system with ISO 9001:2015 and the products are delivered after their compliance with the production standards requirements. Our support team also provides service after delivery in order to ensure customer satisfaction and to resolve any problems that may occur with the products.

Our company is always renewed for its customers. That's why our motto is "time for change".
